

**Sri K. HANUMANTHAIYA.**—There is no need for such an examination, because when the Government came to a decision, it took all the available records into consideration.

**Sri S. SRINIVASA IYENGAR.**—My point is, the Government have not looked into all these things. I am not advocating for the particular individual. Will the Government please look into this, because it affects all the gazetted officers as such. If in general the dates of birth of all these people that are now employed in Government are to be questioned from time to time, there will be no sense of security. Therefore, will the Government at least in the interest of this sense of security, look into this matter?

**Mr. SPEAKER.**—It has been answered that it was thoroughly examined.

**Sri M. V. RAMA RAO.**—May I know how the genuineness of the horoscopes is examined by the Government?

**Sri K. HANUMANTHAIYA.**—Horoscopes are prepared by the parties themselves and therefore, it is not conclusive proof.

**Sri M. V. RAMA RAO.**—I want to know, how do the Government examine the genuineness of the horoscopes?

**Sri K. HANUMANTHAIYA.**—That is exactly the reason. Since we are not sure about the genuineness, it is not possible to base our decision solely on that.

**Sri M. V. RAMA RAO.**—What is the extent of reliance that the Government have placed on the horoscopes?

**Sri K. HANUMANTHAIYA.**—It will be a corroborative evidence. The date of birth is given in the primary school, middle school or college. There are so many dates of birth given and which of them is most probable will be taken as the date of birth for purpose of civil list.

**Sri M. V. RAMA RAO.**—What is the designation of the particular officer who investigates this genuineness of the horoscopes of the Government Officers?

**Sri K. HANUMANTHAIYA.**—The facts are placed before the Cabinet and it is the Cabinet as a whole that takes a decision.

**Sri M. V. RAMA RAO.**—May I congratulate the Government on the equipment in horoscope reading, Sir?
